HOW ARREOS INTERNATIONAL WORKS

*How does exquisite leather make you feel? In one word – **RICH***

*And that is exactly what we at **ARREOS INT.** aim to give you – A **RICH** indulgent experience of the finest leather in town.*

When leather so premium and the expertise of our craftsmen meet, what you get is a finely crafted product that redefines panache.

With a team of suave designers, trendy researchers and experienced craftsmen we make sure you are nothing short of a style icon. Step in to know how. Shortcodes Page Message in a Bottle .

Our Specialties

About English and Western Saddles:

English Saddle:

Designed for sports like dressage, show jumping, eventing, and pleasure riding. Sleek, lightweight, and emphasises close contact for refined control and rider posture. Used by top riders and clubs in UAE & GCC for professional and recreational riding.

Arreos ka specialisation: Authentic leather, superb craftsmanship, and ergonomic design for both comfort and performance; custom sizes and finishes available.

Western Saddle:

Wider seat and heavier build, designed for ranch work, trail riding, endurance, and show. Known for durability, stability, and support during long rides. Popular in Saudi/Kuwait clubs and hunting groups—robust build for comfort during extended use. Arreos specialisation: Premium leather, precision stitching, and customizable options to suit different rider/horse needs; guaranteed durability and comfort.

Arreos Specialisation Command:

Arreos International crafts both English and Western saddles with a commitment to quality, comfort, and authentic design. Direct manufacturing (Kanpur, India) — ensures top-grade materials and strict QA controls.

Custom-design services — “Any equestrian product, any style, any finish — made to order.”

Competitive advantage: Premium grade, 20–30% lower price than global brands, fast export to GCC. Sustainability: Ethically sourced leather, eco-friendly packaging, and repair services to extend product life.

Riding Boots

Specifically designed for equestrian sports, providing proper grip, protection, and style for riders. Types available: Tall boots (like dress boots, field boots), paddock boots, and speciality endurance boots.

Built for maximum safety—heel design prevents foot slip, sturdy toe and ankle support, and shock absorption for long rides.

Arreos Specialization & USP:

Crafted from premium, ethically-sourced leather with robust stitching for durability and classic appearance.

Custom-fit available (size, color, style) for UK/UAE/GCC clubs and individual riders.

Direct manufacturing means consistent quality, quick export, and competitive pricing—20-30% lower than imported brands.

Boots meet strict safety and comfort standards; moisture-resistant lining, breathable design, and reinforced soles.

Options for decorative features (contrast piping, bespoke branding) as per club/client requirements.

Trusted by regional clubs and professional riders—proven reliability in all GCC climates.

“Every pair from Arreos reflects our commitment to rider protection, comfort, and timeless style.”

PVC Stirrups
Style: AI-STR-0031

Made from lightweight, durable PVC composite material for everyday and show use. Each stirrup weighs just under 5 oz, easy to handle, reduces fatigue for riders. Replaceable dotted rubber pads offer extra grip and stability. Fits most English stirrup leathers. Measurements: 4 1/2" wide, 4" height, 1 3/4" tread. Features: Easy to clean and weather-resistant. Ideal for: Schooling, competitions, and riders who want a lightweight, low maintenance stirrup solution. Color: Black, Brown, White, (other colors available). Price: On request.

Horse Bandages
Style: AI-BDG-0020

4" wide and 4 meters long for full leg coverage and support. Made from soft, durable material—breathable and gentle on the horse's skin. Equipped with high quality Velcro for secure, easy fastening. Supplied in a set of 4 pieces (suitable for both front and hind legs). Features: Non-slip design for maximum protection during exercise, travel, or stabling. Machine-washable and quick-drying. Color: Black, Navy, White, (others available). Price: On request.

Horse Large Haynets (Haybag)
Style: AI-HBN-0030

Made from strong, durable nylon rope for extended use and safety. Available in length: 42" for generous hay capacity. Mesh square size options: 2" x 2" or 3" x 3" for standard or slow feed control. Large ring at the base ensures the haynet stays open and is easy to fill. Multiple rings at the top for secure hanging and versatile placement. Features: Robust design suitable for stables, travel, or turnout. Prevents wastage, controls feeding rate, and keeps hay off the ground. Easy to attach, fill, and clean. Color: Standard or custom options available. Price: On request.

Rubber Bit Guard
Style: AI-RBG-005

Rubber Bit Guards are flexible rubber disks designed to stop the bit from pinching the corners of a horse's mouth. They fit neatly on most bits and provide effective protection, comfort, and prevent chafing while riding.

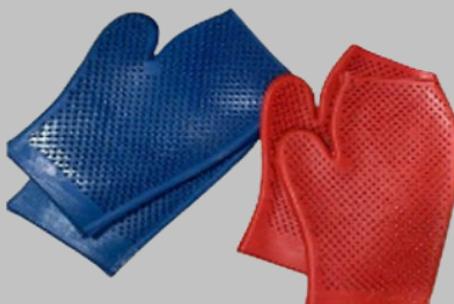

Features: Made of high-quality, durable rubber
Easy to attach and remove
Suitable for all standard bit sizes
Ideal for sensitive horses or all-day riding
Color: Black, Brown, (other colors on request)
Set: Usually sold as a pair
Price: On request

PVC Ribbed Bell Boots
Style: AI-RBL-006

Made from strong, sturdy PVC for excellent durability and hoof protection, Ribbed design helps absorb shock and reduce impact, Double Velcro fastenings for added security and easy adjustment

Provides reliable overreach and heel protection in training, turnout, or competition
Color: Great color range available to suit all preferences
Size: Pony, Cob, Full (custom sizes available)
Price: On request

Grooming Rubber Cuff Gloves
Style: AI-RHC-007

Made from high-quality, flexible rubber for long-lasting performance, Feature contoured ridges and nubs for effective removal of dirt, loose hair, and dander, Durable, crack-resistant design
Equipped with snug rubber cuffs for a secure, slip-free fit during use
Suitable for both wet and dry grooming easy to clean and quick to dry, Comfortable to wear, fits most hand sizes, ideal for daily grooming routines

Features: Stimulates skin and promotes natural shine
Color: Available in various colors
Size: Standard (custom sizing upon request)
Price: On request
